Description of fiscal impact:

This proposal has no fiscal impact to the state. HB 280 extends the grant program for Community Health Centers (CHC) to a maximum of six years.

FISCAL ANALYSIS

Assumptions:

1. To the extent state funding is available for grants, the CHC would apply for a grant through the request for proposal method.
2. Federal funding for new or expanded CHC's is not a guarantee. Communities must apply for and be approved to receive federal funding.
3. No FTE would need to be hired, nor would any other operational expense be incurred by the state.

Technical Notes:

1. This bill does not provide a source of funding or appropriation to fund the provisions. Past funding was provided through one-time-only funding in HB 406, which has been eliminated in the department's base for FY 2010 and FY 2011.
